

COMPANY Overview

OFFICIAL VENDOR FOR

// You can not accomplish today's work with old style Jetter Equipment - if you expect to be in business tomorrow! Our goal is simple - to build the most technologically advanced and versatile trailer sewer jettors and to offer them with great pricing and unbeatable service after the sale.

Mo Morgan

Mo Morgan
Operations Manager

“WE WOULD RATHER EXPLAIN ONCE OUR FAIR PRICING THAN TO APOLOGIZE FOREVER FOR LOW QUALITY!”

About Mission & Vision

HotJetUSA has specialized in Trailer Mounted Jettors. For over 40 years, our Trailer Mounted Sewer Jettors are engineered for the Professional Sewer and Drain Line Industry. We can customize nearly any size Trailer Mounted Sewer Jetter for your specific application(s)- including Enclosed Trailer Jettors, Truck Mounted Jettors and Skid Plate Jettors for Van Mounting and we stock hundreds of trailer jettors for sale!

Our goal is to provide companies and municipalities with job-specific trailer jetting equipment that is truly Industrial Quality and will give you the best return on your investment. We have shipped 1,000's of Trailer Mounted Jettors and we can ship them worldwide.

What separates our Trailer Mounted Sewer Jettors from our competition is first and foremost our Quality and Ease of Service. Our cutting edge technology using Hot Water Jettors is proven to clean the lines better than any equipment on the market! This in effect gives your customer the best jetting value for the dollar-leaving their pipes/sewers cleaner than any other process!!

“We are a Hot Jet customer for life. They truly “walk the walk” of customer service at Hot Jet USA.

- John L. Davis, JPG Plumbing & Mechanical

Meet the Team

Mo Morgan

Mo is our Operations Manager and has been with Power Line / HotJet USA for over 35 Years.

Larry Winter

Larry has been with Power Line / HotJet USA for over 20 years and provides customer service and expertise about all the varieties of jetters in the market.

Don Jackson

Don provides customer support and has over 30 years of industrial equipment experience. Don performs quality control of our vendors.

Jana Briggs

Jana is our Total-C Drain Treatment Brand Manager.

Steve Roylance

Steve is our Parts & Service Manager and has over 30 years experience engineering and servicing industrial equipment - most with HotJet USA.

“ If I could post 100 stars, I would! This company and every single employee I have come in contact with from HotJet have been truly AMAZING! The minute I saw the HotJet ad I KNEW THIS WAS THE ONE. The Jetter training is superior - it is everything from how to use the jetter, how to market the jetter, as well as marketing for your business... and lastly to how to sell customers on this equipment

- Valerie McGinnis, Customer

QUALITY • VALUE • PERFORMANCE

WHY HOTJET USA?

- ❑ BEST TRAILERS
- ❑ BEST ENGINES
- ❑ BEST PUMPS
- ❑ BEST ENGINEERING
- ❑ BEST SERVICE AFTER THE SALE
- ❑ BEST TRAINING
- ❑ BEST WARRANTY

The HotJet USA Difference

Power Line / HotJet USA has over 30 years of experience manufacturing water blasting equipment. "Hot Jet" is the jetting division of Power Line Industries - Our units are proven worldwide in the harshest working conditions and climates. We truly understand what you need as a customer as far as quality, performance, ease of operation and maintenance.

Top 5 Key Benefits to Owning a HotJet

1. Extremely Easy to Operate
2. Full Safety Package
3. Maximum Versatility
4. Delivers Complete – No Assembly Required
5. Engineered for Years of Trouble Free Operation

What You Can Expect With HotJet USA

SAFETY FEATURES: With triple redundant safety features engineered to protect your equipment and your operators. Our exclusively engineered safety features include high heat limit, thermostat shut-off system, trigger shut-off controls and cold water release on master relief valve.

QUALITY/DURABILITY: We are deeply involved in the engineering process for each equipment model we produce. We engineer our equipment for the highest level of performance with quality components you can count on to work hard day after day. This reduces downtime.

ENVIRONMENTAL ENGINEERING: Our environmental compliance features help you to maintain quality standards for air, water conservancy, and road safety through Cal-Air Compliant water heating systems and engines, and all equipment built on DOT compliant heavy duty trailers.

WARRANTY: We have the most comprehensive warranties in the industry. We have service partners around the country for quick and cost effective repair, parts, and service. With each equipment purchase our customers receive lifetime wholesale pricing on parts. This includes: Warthog nozzles, jetter hoses and jetting detergents.

BEST VALUE: Quality equipment equals more years of service which equals Best Return on Investment.

TRAINING: Unlike other jetter equipment suppliers out there, we can provide safety, and operations training. We are invested in the success of each owner. In our training and through our business support services we add our 30++ years of experience to enhance the business and marketing knowledge of our customers. With training and know-how, our customers experience greater profitability.

WE PROVIDE END-TO-END SERVICE AND SUPPORT: design, production, quality assurance testing, operations and safety training and white-glove shipping service. White glove delivery service guarantees that when you receive your equipment it is turn-key ready to go to work right off the truck.

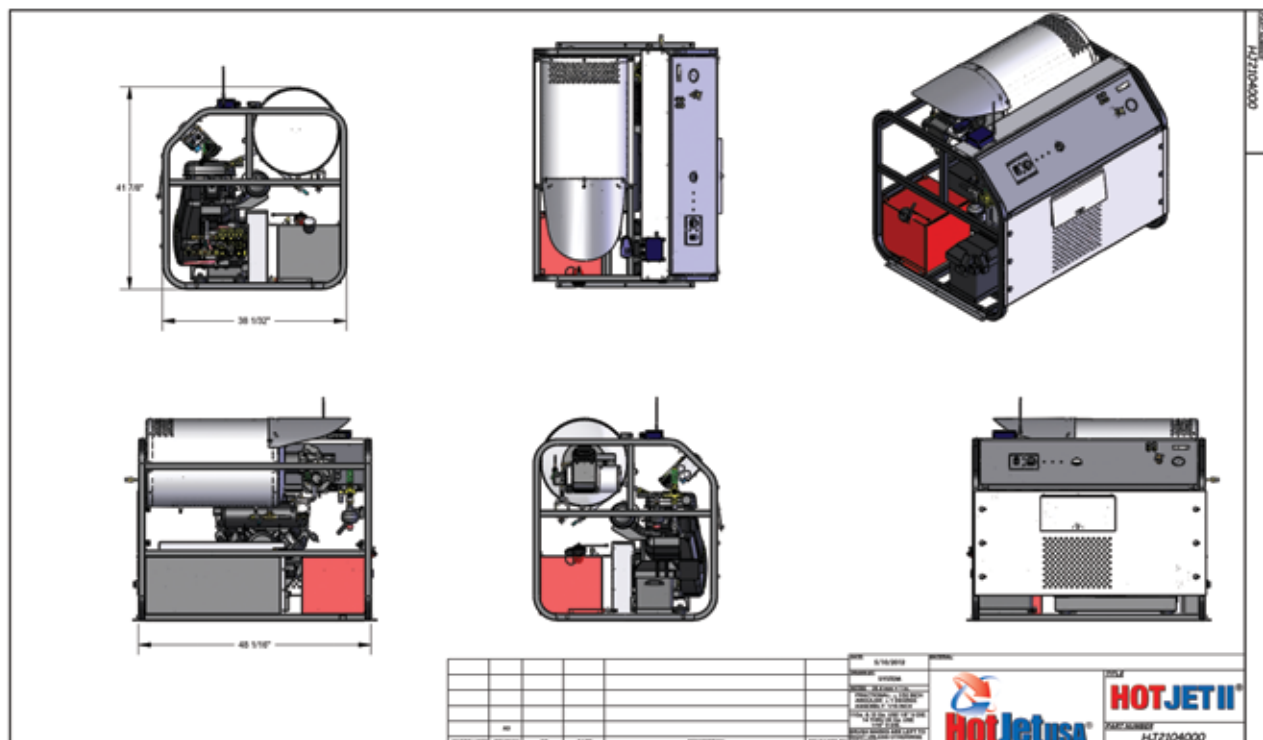

DEDICATED SUPPORT TEAM: Your Dedicated Support Team is a group of skilled, highly specialized experts who know and care personally about your business; professionals who are able to convert your real needs into specific solutions. Your Support Team is responsible for managing and implementing equipment and product solutions that can truly make a difference for your business.

Engineering Excellence

Active Participation in Every Part of the Engineering Design

With over 30 years in the water blast industry, intense investment in engineering equipment to meet the needs of thousands of business owners, just like you, and level of interest that ensures each equipment owner has the right tools to get the job done right! Obviously, you're getting more than just another piece of equipment when you purchase your equipment from Power Line Industries, you're getting a complete package designed to support maximum success.

1. You can easily operate, and maintain your equipment.
2. Have the least amount of down time as possible.
3. Fast and inexpensive repair.
4. You and your technicians are safe from injury on the job.
5. Reduced wear and tear on the equipment increasing longevity.

We strive to stay in front of mechanical technologies that will provide the best performing product in the field. We have found that our customers in the field needed a power plant that would provide consistent flow, pressure, the proper cleaning nozzle to match their equipment allowing them to clean any surface. This is the reason we have chosen the Vanguard motor made by Toyota, General Pumps, and Custom Drilled Nozzle Kits. **With thousands of units in the field we have the experience and knowledge to ensure you get the highest quality equipment that will get the job done safely and efficiently.**

Our equipment has exclusively engineered safety features which include high limit heat control, thermostat shut-off, and trigger control shut-off systems. The master relief valve is commonly installed on the heat lines on other brands of equipment, our equipment has been exclusively engineered as a cold water release on master relief valve to protect the operator. Further, our heated high pressure water lines are wrapped with MSHA/OSHA approved safety blow-out liner installed in the case of an onboard hose failure to catch heated water and prevent possible burns or injury.

Exclusive Engineering Features

1. DUAL FILTER INTAKE SYSTEM: We pre-plumb the pump intake so you can draw water from a tank or garden hose, and we include a filter system with 50 mesh to protect the pump. This has proven to dramatically increase the pump life and reduce down time.

2. COMPLETE BELT DRIVEN SYSTEM: All components are belt driven. The pump, generator are Dual-V-Belt Driven. Belt driven reduces vibration and allows the pump to run at ½ RPM. This extends operational life. The other units on the market are mainly gear driven - we build only belt drive units - they run smoother with less vibration and they are definitely easier to service. If a pump / engine goes out you don't have to replace both components.

3. PUMP SAVER SYSTEM: We also engineer systems with our “pump saver system” - that when trigger is released the bypass water re-circulates back to water tank. This keeps the head of the pump cool extending its life.

4. HELICAL HEATING COIL (on hot water units): Engineered for maximized heat rise to clean using heat substantially reducing the need for any detergent usage in cleaning.

5. CHEMICAL INJECTION: An exclusive feature that we offer is the chemical injector. This really makes a difference in the quality of the clean job. This is metered off of a 12 gallon tank.

6. QUICK WINTERIZATION SYSTEM: In less than a minute your entire system is ready for winter, or storage. This exclusive system allows you to completely clear lines and flush the system and run a continuous cycle with clean water, or antifreeze.

HotJet USA -- A Green Company

As a **green company** we have developed **extreme environmental engineering** on all of our equipment the benefits of which are handed down to our customers and their customers.

1. HELICAL heating coil engineered for maximized heat rise - That is the most energy efficient burner made! - to clean using heat substantially reducing the need for any detergent usage in cleaning.
2. The need for recycling/repair is minimized through the manufacturing of power wash units with a proven life time service cycle of 7-10 years vs commonly found 3-5 years of service from competing brands

White Glove Delivery Service

Your HotJet USA equipment purchase includes our exclusive White Glove Delivery Service – which means you get a team of experts and specialists that provide end-to-end service and support; design, production, quality assurance testing, operations and safety training and white-glove shipping service. White glove service allows you to focus on providing fluent service to your customers when you receive your equipment which arrives turn-key ready so that you can put it to work right off the truck.

Relationship Management – Provides a single point of contact for customer and sales during production. Works with our team of experts and specialists to customize your equipment solution to fit your current business practices and needs for growth.

Design and Manufacturing – Your equipment is built-to-order. Our manufacturing plant goes to work on putting all the right components and accessories together to complete your equipment package.

Quality Assurance – Our 360° comprehensive testing of your equipment package is complete and signed off before your equipment is released for shipping.

Training and Development – Provides education and training for end users that increase your overall business success with a hands-on experience with the equipment, operations and safety, business and marketing training, and so much more.

Logistics – A Preferred Shipping Partner is chosen who ensures your equipment will arrive free from damage right to your door. Your equipment arrives turn-key ready and can go to work for you right off the truck.

“I could not be happier with my purchase. Quality built and easy to use. They go above and beyond to make you feel like family. Other jetter companies would not even return my calls or request for quotes.

- Heath Wooley, Wooley Construction

Safety & Operational Training

OUR GOAL is to provide you with **information and practices** that will help you **maximize profitability** and **improve your overall business success**. We are always available by phone to answer your questions. Our team of trainers and specialists are available to support the operation of your HotJet equipment 24/7.

OUR EXCLUSIVE JETTER WORKSHOP IS FREE WITH SELECT JETTER PURCHASES. We have hosted hundreds of participants from across the country to come to our **Exclusive Jetter Workshop** where they have the opportunity to:

- **Hands-on experience with the equipment with full operation jetting procedures.**
- **Ask our mechanics and equipment specialists questions first hand**
- **Receive maintenance and service information from our lead service and parts manager**
- **Get tips and learn the tricks to marketing and selling jetting services to customers that improve sales and increase revenue**
- **Last but not least, participants **network** with guys from all types of businesses, backgrounds, and experience levels, **enhancing the education they receive in the workshop.****

THIS WORKSHOP FEATURES INSTRUCTION IN FIVE MAIN CATEGORIES:

1. Equipment Operation and Safety
2. Equipment Maintenance and Service
3. Nozzle Technology
4. Cameras, Pipeline Inspection Procedures
5. Marketing and Sales for your Jetting and Line Maintenance Services

PRODUCT WARRANTY

HOT JET USA UNITS

LIMITED NEW PRODUCT WARRANTY:

Power Line Industries warrants all Hot Jet USA Jetting Equipment to the original purchaser to be free from defects in materials and workmanship under normal use, for the periods specified below. This Limited Warranty is subject to the exclusions shown below, is calculated from the date of the original purchase, and applies to the original components only. Any parts replaced under this warranty will assume the remainder of the part's warranty for this warranty to be in effect.

TEN YEAR COMBINED PUMP WARRANTY (General Pumps Only):

Lifetime warranty on the brass discharge manifold and ten year warranty (first 5 years non-prorated and the remaining 5 years is prorated) on internal components on the oil-end of all pressure washer pumps. Labor included if warranty is in the first year from date of purchase - \$150.00 maximum paid for labor to repair/replace.

SEVEN-YEAR HEATING COIL PRO-RATED WARRANTY:

First year 100% warranty, seven year total prorated warranty on heating coil. Labor included if warranty is in the first year from date of purchase - \$250.00 maximum paid for labor to repair/replace. Customer is responsible for the freight on this item.

THREE-YEAR MANUFACTURED PARTS WARRANTY:

Components manufactured by Power Line Industries, such as frames, handles, coil wraps, float tanks and belt guards. Labor not included.

ONE YEAR HOSE REEL WARRANTY (Reel ONLY). 90 day warranty on electrical components.

TRAILER WARRANTY (OPEN DECK TRAILERS ONLY)

Trailers are warranted for ONE YEAR for the following: structural warranty, main frame, bottom rails & cross members, subfloor and decking. Tires & rims, trailer battery, paint, brake components, springs & suspension components have a NINETY DAY warranty. Trailer must be registered within 30 days of purchase or this warranty will not be in force.

NINETY-DAY PARTS WARRANTY:

All other components, excluding normal wear items as described below, will be warranted for 90 days on parts and labor. Parts warranty will be for 90 days regardless of the duration of the original manufacturer's warranty.

WARRANTY PROVIDED BY OTHER MANUFACTURERS:

Motors, generators, and engines, which are warranted by their respective manufacturers, are serviced through these manufacturer's local authorized service centers. Power Line cannot provide warranty on these items.

****NO WARRANTY ON HOSES OR TIRES****

****WARRANTY DOES NOT COVER NORMAL WEAR AND TEAR, FREEZING, LACK OF OIL IN PUMP, RUN DRY ON WET END OF PUMP, COIL SCALE BUILD UP, OR EQUIPMENT ABUSE****

REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS WARRANTY IS THE EXCLUSIVE REMEDY OF THE CONSUMER. POWER LINE SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES FOR BREACH OF ANY EXPRESS OR IMPLIED WARRANTY ON THIS PRODUCT.

POWER LINE'S obligation under this warranty is limited to repair or replacement of product in question. This warranty is in lieu of all other warranties expressed or implied, including any warranty of merchantability. IN NO EVENT SHALL POWER LINE BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES OR EXPENSES OF ANY KIND. This includes lost income, travel time, and expenses, lodging expenses, labor expenses, down time, shipping costs, and any other incidental or CONSEQUENTIAL damages or expenses.

SALES TAXES

Power Line Industries, Inc., shall automatically charge and withhold the applicable sales tax for orders to be delivered to addresses within Utah. Each customer shall be solely responsible for all sales taxes, or other taxes, on orders shipped to any other state. If sales tax is not collected at time of sale on an out of state sale and it is determined at a future date that sales tax on the purchase is due, purchaser agrees to promptly pay all state sales tax due with any late penalties potentially assessed on that purchase.

WARRANTY REVIEW

Request for Taxpayer Identification Number and Certification

Give Form to the
requester. Do not
send to the IRS.

► Go to www.irs.gov/FormW9 for instructions and the latest information.

Print or type.
See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Power Line Industries, Inc.

2 Business name/disregarded entity name, if different from above

HotJet USA

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

- ☐ Individual/sole proprietor or single-member LLC
- ☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ► _____
- ☐ Other (see instructions) ► _____
- ☐ C Corporation
- ☒ S Corporation
- ☐ Partnership
- ☐ Trust/estate
- Note:** Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from FATCA reporting code (if any) _____

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.) See instructions.

14773 Heritage Crest Way

6 City, state, and ZIP code

Riverton, Utah 84065

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

____ - ____ - _____

or

Employer identification number

8 7 - 0 4 9 4 6 1 9

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to www.irs.gov/FormW9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
